History

1. [redacted] the Aviation Technical Training Center (Letecke technicke uciliste-LTU) in Olomouc [redacted] in 1952 this same school was transferred to Poprad /N49-03, E 20-187. The school in Olomouc consisted of a first and a second-year class, each class having about 90 students. There was one instructor for each subject. Examinations and quizzes were both oral and essay type. [redacted] no one failed the two-year course. Seventy candidates [redacted] were specializing as engine and fuselage mechanics and twenty as aircraft electricians. Upon finishing the course all those 70 who specialized in engines and fuselage were sent to Mokrad ¹ where they stayed three weeks doing nothing and then again were transferred for further training to the Aviation Technical Training Center in Liptovsky Svaty Mikulas ². The remaining 20 candidates who specialized as aircraft electricians were sent to Poprad for further training.
